

## UETN Tech Summit COVID-19 Recommendations

The UETN Tech Summit committee has been monitoring COVID-19 conditions and is still committed to an in-person conference. The health and safety of all attendees is paramount to UETN staff. With the ongoing pandemic and surge in COVID-19 cases, UETN is recommending that all participants follow the suggestions below and review [CDC guidelines](#).

- **Get Vaccinated:** UETN staff is encouraging participants to protect yourself and others by receiving the COVID-19 vaccine prior to this event. Currently, we will not require proof of a vaccine to attend the UETN Tech Summit conference.
- **Wear a Mask:** Mask wearing is encouraged for all participants while indoors. Attendees shall follow local, state, and CDC guidance as it pertains to mask wearing. This policy is also highly recommended for those who have been vaccinated.
- **Social Distancing:** When possible, stay at least 6 feet away from others during the conference. Common area tables will be spaced accordingly and classroom admittance will be limited to 50 people.
- **Conference Cancellation:** UETN is monitoring COVID-19 statistics and the policies of the local and state health departments, along with higher ed institutional travel restrictions. Cancellation of this year's Tech Summit is possible, given changing conditions. Should the conference be cancelled due to the pandemic, all who have registered will receive a full refund.

UETN Tech Summit's COVID-19 recommendations are subject to change, as COVID-19 circumstances evolve.
